THE "NUTRITION LABEL" FOR PRODUCTS

Declare helps you better understand the use of healthy product materials by showing you:

- Where Wilsonart® Solid Surface comes from
- What Wilsonart® Solid Surface is made of
- Where Wilsonart® Solid Surface goes at the end of its life
- Whether or not Wilsonart® Solid Surface contains toxic ingredients

WHY DECLARE?

Declare is the only label that combines material transparency and the Red List from the Living Building Challenge. It distills complex chemical ingredient information into an easy-to-read label that is unique to Wilsonart® Solid Surface. Declare helps you find and specify the Red List-free products in Wilsonart solutions, which are healthy for people, the environment, and communities.

LIVING BUILDING CHALLENGE CRITERIA

"LBC Red List Free" products disclose 100% of product ingredients plus residuals present at or above 100 ppm (0.01%) in the final product and do not contain any Red List chemicals. They have been shown to meet the requirements of the Living Building Challenge Red List Imperative.

BENEFITS:

- Quickly evaluate the healthiest surface choice for your next project.
- Contribute to Living Building Challenge, LEED, and WELL projects.
- Simplify the specification process with sustainability information for the exact Wilsonart® Solid Surface surface you need.
