

Wilsonart® Solid Surface Sink Profile Bit Recommendation

In an ongoing effort to provide the most updated and quality sink materials, processes and tooling, Wilsonart has conducted evaluations of installed sink/vanity components of the sink styles listed below. Wilsonart's goal is to recommend the most appropriate profile bits available in the solid surface industry today, while evaluating to minimize fabrication and finishing labor. Evaluation of several tooling manufacturers was conducted and the manufacturers listed below are currently recommended for use with Wilsonart® Solid Surface Sinks.

Wilsonart® Solid Surface Sinks				
Sink Style	Draft Degrees	<u>Whiteside</u>	<u>Velepec™</u>	<u>Amana Tool®</u>
		1/2" Radius	1/2" Radius	1/2" Radius
Standard				
AD1630	5°	#2929	#30-157	#57128
